

APS ADVENTURES IN PASTEL 2024! Adventure E-6

Welcome to our Series E Sixth Adventure!
Paintings due by 6pm June 26!

"All Aboard!"

Obviously, this Adventure is
all about **TRAINS!**

I did a little reading and discovered that trains go all the way back to 1720. A bit of a surprise to me! That means they were around during the Revolutionary War and they clearly played a role in the War between the States. Plus, they were a critical part of moving us to the western parts of our country.

Trains have gone through quite a transformation over the years. My first experience was to ride from Albany, NY to Boston, MA. That was quite an experience for a little girl.

There are many different trains now, including freight trains, sleek passenger trains, and steam engine trains to mention a few. There are still steam engine trains operating in our area to take people on short trips into the Great Smokey Mountains. And let's not forget the Lionel Trains under the Christmas tree!

OLD RED

Step 1: Decide on the type of train you would like to paint, select a style you want to use and then develop your composition.

Step 2: Create a painting with the train being the main focus. Note: Your painting does not need to be a complete train. It can be

a single train car or even just a part of a train such as, wheels or a smoke stack. The choice is yours.

Storm Train

Step 3: Take a photo of your painting and name your photo file in this format:

Lastname_Firstname_Title. Send your photo to apsmedia828@gmail.com. Feel free to add any comments you would like to make on this challenge.

Be sure to send your photo in by June 26th no later than 6:00pm. Nothing can be posted that is received after this deadline.

Step 4: Enjoy this challenge!

Remember, your painting does not need to be finished. These Adventures exist so we can paint and experiment with pastels together as a society.
